Each seed pack is \$4.00. All are open-pollinated thus suitable for seed saving. All seed is grown sustainably at our farm in Petaluma, although we are no longer certified organic all seeds are non-GMO and cultivated in compliance with the National Organic Program Standards. Seeds are simply dried and not treated and suitable for certified organic production; this is your certificate of compliance should your agricultural inspector call for one. Please email for availability. There is a \$6. shipping charge per order. We accept personal and cashiers checks, or email for credit card via PayPal.
